

# Spyder

**Introduction:** Calling all front-end designers; put forth your best designs and build the internet you would like to see.

About the Event:

A team can have a maximum of 2 members. The event will consist of two rounds.

## Round 1 (Prelims)

1. A preliminary round consisting of MCQ type questions.
2. Lab is needed for this
3. Will test one's basic knowledge of Internet and its protocols, web designing principles, HTML, CSS, Javascript, Bootstrap etc.

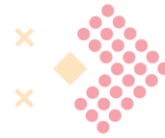

## Round 2 (Final)

1. The second section will be an onsite web designing event.
2. The participants will have to design a website within a given time span on any one of the topics that will be given to them on that day.
3. The factors on which a particular website will be judged are :
  - i. Creativity in terms of design
  - ii. Fulfilling all the requirements of the given problem statement
  - iii. Presence of less bugs
  - iv. Score obtained in Round 1 in case of a tie
